Your voice

Atos Medical - Who we are

At Atos Medical, we are committed to giving a voice to people who breathe through a stoma, with design solutions and technologies built on decades of experience and a deep understanding of our users.

Since the introduction of the first Provox voice prosthesis in 1990, Atos Medical has become the world leader in Laryngectomy Care.

Our commitment and dedicated specialization in this field has allowed us to gain a deep understanding of the needs of our customers. This understanding drives our innovation process and we take pride in continuously bringing innovative solutions to our users.

Over the years we have served the needs of around 100,000 people with laryngectomy in over 70 countries. Our comprehensive Laryngectomy Care portfolio includes a complete range of Provox voice and pulmonary rehabilitation devices. This broad range of high quality Provox products allows for a personalized combination of solutions for each user.

Atos Medical understands that being the leader in this field comprises more than product development. Supporting clinical research and educating both professionals and users is an integral part of our business. Our products are featured in over 150 peer-reviewed publications. We support and conduct hundreds of conferences and educational programs every year.

We are proud of our history and our accomplishments and we continue to be excited by learning from our users; serving them with the best products, services, and education in Laryngectomy Care.

Speaking

Provox® Vega™

A voice prosthesis designed for good voice quality, low speaking effort, easy device maintenance and comfort.

- Less strained voice
- Easier to understand
- Less effort to speak
- Better voice quality

The Provox Vega voice prosthesis comes with an Insertion System that gives more control and greater flexibility.

- Adapts to patient anatomy and clinician's preferred insertion method
- Creates a perfect fold of the esophageal flange
- Intuitive and easy to use

Provox Vega 17Fr	Size	Ref.no	Provox Vega 20Fr	Size	Ref.no	Provox Vega 22.5Fr	Size	Ref.no
Provox Vega 17Fr	4 mm	8270	Provox Vega 20Fr	4 mm	8276	Provox Vega 22.5Fr	4 mm	8282

Provox Vega 17Fr	15 mm	8275	Provox Vega 20Fr	15 mm	8281	Provox Vega 22.5Fr	15 mm	8287

Sterile, for single use.

Includes: 1 Provox Vega voice prosthesis with Insertion System (sterile) and 1 Provox Brush (non sterile).

Provox Capsule	Ref.no
Provox Capsule 17Fr	7795
Provox Capsule 20Fr	7796
Provox Capsule 22.5Fr	7797

Non sterile, for single use.

Provox® Vega™ XtraSeal™

A solution to manage leakage around.

- The enlarged esophageal flange is thin and flexible which allows it to conform to the tissue around the TE puncture
- The user can continue to speak, eat and drink while the leakage around is managed

Provox Vega XtraSeal	Size	Ref.no	Provox Vega XtraSeal	Size	Ref.no	Provox Vega XtraSeal	Size	Ref.no
Provox Vega XtraSeal 17Fr	4 mm	8288	Provox Vega XtraSeal 20Fr	4 mm	8294	Provox Vega XtraSeal 22.5Fr	4 mm	8300

Provox Vega XtraSeal 17Fr	15 mm	8293	Provox Vega XtraSeal 20Fr	15 mm	8299	Provox Vega XtraSeal 22.5Fr	15 mm	8305

Sterile, for single use.

Includes: 1 Provox Vega XtraSeal prosthesis with Insertion System (sterile) and 1 Provox Brush (non sterile).

Note: The shaft of the Provox XtraSeal is ca 1 mm shorter than the size indicated due to the enlarged esophageal flange.

Provox® ActiValve®

The voice prosthesis with extended device lifetime.

- Increased device life – reduces the need of frequent replacements in most patients who experience short device life
- Available in three strengths – Light, Strong and XtraStrong

Provox ActiValve	Size	Ref.no	Provox ActiValve	Size	Ref.no	Provox ActiValve	Size	Ref.no
Provox ActiValve Light	4.5 mm	7150	Provox ActiValve Strong	4.5 mm	7160	Provox ActiValve XtraStrong	4.5 mm	7165

						Provox ActiValve Lubricant (replacement)		7149

Non sterile, for single use.

Includes: 1 Provox ActiValve voice prosthesis, 1 single-use insertion tool, 2 Provox Brush, 1 Provox ActiValve Lubricant, 1 Provox Plug, 2 User Cards, 1 Emergency Card.

Provox® Vega™ Puncture Set

A disposable surgical set for primary and secondary placement of Provox Vega.

- All-in-one surgical set
- Creates a round puncture, leaving the surrounding tissue intact
- Comes pre-loaded with a Provox Vega voice prosthesis
- Disposable and sterile
- Enables a rapid procedure, minimum preparation and assembly are needed

Provox Vega Puncture Set	Size	Ref. no
Provox Vega Puncture Set 17 Fr	8 mm	8140
Provox Vega Puncture Set 17 Fr	10 mm	8141
Provox Vega Puncture Set 17 Fr	12.5 mm	8142
Provox Vega Puncture Set 17 Fr	15 mm	8143

Provox Vega Puncture Set 22.5 Fr	10 mm	8148
Provox Vega Puncture Set 22.5 Fr	12.5 mm	8149

Sterile, for single use.

Includes: 1 Pharynx Protector (made of transparent thermoplastic), 1 Puncture Needle (made of surgical stainless steel), 1 Guidewire (made of pre-colored fluoroplastic), 1 Puncture Dilator with 1 preloaded Provox Vega voice prosthesis and 1 Provox Brush.

Provox® Brush

For cleaning of the voice prosthesis.

- Easy and efficient cleaning
- Handle can be bent for individual adaptation
- Can be used to insert Provox Plug and Provox Vega Plug

Provox Brush	Quantity	Size	Ref.no
Provox Brush	6 pcs	4.5-10 mm	7204
Provox Brush XL	6 pcs	12-18 mm	7225

Non sterile, for single patient use. Reusable.
For voice prostheses in sizes 12.5 and 15 mm use Provox Brush XL.

Provox® Flush

For flushing after brushing.

- Can be used with air or drinking water
- Can be bent for individual fitting

Provox Flush	Quantity	Ref.no
Provox Flush	1 pc	8109

Non sterile, for single patient use. Reusable.

Provox® Plug & Provox® Vega™ Plug

A first-aid to temporarily stop leakage through the voice prosthesis.

Provox Plug & Provox Vega Plug	Quantity	Ref.no
Provox Plug	1 pc	7205
Provox Vega Plug, 17 Fr	1 pc	8119
Provox Vega Plug, 20 Fr	1 pc	8129
Provox Vega Plug, 22.5 Fr	1 pc	8139

Non sterile, for single patient use. Reusable.
Includes Provox Brush.

Note: The Provox Vega Plug fits into Provox Vega prostheses and the Provox Plug is for Provox ActiValve.

Provox® XtraFlange™

A rapid solution to manage leakage around.

Provox XtraFlange	Quantity	Ref.no
Provox XtraFlange 22.5 Fr	1 pc	7275
Provox XtraFlange 20 Fr	1 pc	7276
Provox XtraFlange 17 Fr	1 pc	7277

Sterile, for single use.

Provox® GuideWire

Provox GuideWire enables retrograde insertion of all Provox indwelling prostheses. The tip contains a retainer slit that holds the safety strap of the prosthesis.

Provox GuideWire	Quantity	Ref.no
Provox GuideWire	1 pc	7215

Sterile, for single use.

Provox® Measure

Provox Measure is used to determine the length (corresponding to prosthesis size) of TE punctures. The correct prosthesis size (1-2 mm longer than the puncture) is important to minimize the risk of complications.

Provox Measure	Quantity	Ref.no
Provox Measure	1 pc	7270
Provox Measure Flanges	5 pcs	7271

Provox Measure: non sterile, reusable, sterilizable.
Provox Measure Flanges: non sterile, for single use.

Provox® Dilator

Provox Dilator is used to upsize the diameter of the TE puncture or to temporary block a TE puncture, irrespective of type and diameter of voice prosthesis used. The size can be increased from 15 Fr to 24 Fr in one device (steps: 18, 20, 22, 24 Fr).

Provox Dilator	Quantity	Ref.no
Provox Dilator	1 pc	7211
Provox Dilator 17	1 pc	7122
Provox Dilator 20	1 pc	7123

Non sterile, reusable, sterilizable.

An electrolarynx is often used right after surgery, before healing enough to speak with a voice prosthesis. Many also choose to use an electrolarynx as backup, or a temporary means of communication.

Provox® TruTone EMOTE®

High-quality aid for more natural expression.

- Allows for variance in the tone of voice to let emotions be heard
- Allows changes in voice volume from whispering to loud
- Simple and easy to use
- High intelligibility
- Comfortable, ergonomic and sleek design
- Up to a month battery life and USB charging

Provox TruTone EMOTE	Quantity	Ref.no
Provox TruTone EMOTE	1 pc	7439

Includes: Extra-sharp sound-head cap, Rechargeable battery, Oral adapter, Oral tubes, USB charger.

Provox® SolaTone Plus™

Easy and straightforward to use.

- Simple to use with external tone and volume adjustments
- Quality sound, voice range and construction
- Includes rechargeable AA batteries
- USB charging
- Compact and light weight

Provox SolaTone Plus	Quantity	Ref.no
Provox SolaTone Plus	1 pc	7438

Includes: 2 Rechargeable batteries, Oral adapter, Oral tubes, USB charger.

Breathing

Provox® XtraMoist™

This HME makes the air more humid. Use it during the day, when taking it easy.

- High humidification
- Comfortable breathing
- Reduces coughing and mucus production
- Easy occlusion of the stoma for voicing
- Low-profile design

Provox XtraHME	Quantity	Ref.no
Provox XtraMoist HME	30 pcs	7290

Non sterile, for single use.

Provox® XtraFlow™

This HME helps to make it easier to breathe. Use it during the day when being physically active.

- Low breathing resistance
- Reduces coughing and mucus production
- Easy occlusion of the stoma for voicing
- Low-profile design

Provox XtraHME	Quantity	Ref.no
Provox XtraFlow HME	30 pcs	7291

Non sterile, for single use.

Provox® Luna®

A night-time solution to help sleep comfortably, soothe the skin and improve lung health.

- Soft and smooth for night-time comfort
- Adhesive made of hydrogel to soothe and cool the skin
- Excellent humidification compared to other HMEs*
- Low breathing resistance for easy night-time breathing
- Side openings to prevent occlusion while sleeping

* Data on file

Provox Luna	Quantity	Ref.no
Provox Luna HME	30 pcs	8013
Provox Luna Adhesive	15 pcs	8014

Non sterile, for single nighttime use.

Provox® Micron HME™

Not only an HME, but also an effective bacteria, virus, and dust filter.

- A highly effective bacterial and viral filter (≥99%)
- Reduces coughing and mucus production

Please note that the Provox Micron filtration capacity may vary depending on the size, shape and speed of airborne particles.

Provox Micron HME	Quantity	Ref.no
Provox MicronHME	5 pcs	7247
Provox MicronHME	30 pcs	7248

Non sterile, for single use.

Provox® StabiliBase™

Gives superior seal and support for the stoma when speaking hands-free.

- For speaking hands-free
- For speaking much with finger occlusion
- Sticks well to the skin
- For a deep stoma

Provox StabiliBase	Quantity	Ref.no
Provox StabiliBase	15 pcs	7289
Provox StabiliBase OptiDerm	15 pcs	7318

Non sterile, for single use.

Provox® XtraBase®

For speaking with finger occlusion or hands-free.

- For speaking with finger occlusion or hands-free
- For a flat or somewhat deeper stoma
- Sticks well to the skin

Provox XtraBase	Quantity	Ref.no
Provox XtraBase	20 pcs	7265

Non sterile, for single use.

Provox® FlexiDerm™

Gives a good seal around the stoma during the day.

- For speaking with finger occlusion
- Sticks well to the skin
- For a flat stoma

Provox FlexiDerm	Quantity	Ref.no
Provox FlexiDerm Round	20 pcs	7253
Provox FlexiDerm Oval	20 pcs	7254
Provox FlexiDerm Plus	20 pcs	7331

Non sterile, for single use.

Provox® OptiDerm™

An adhesive for the day if the skin is sensitive, feels sore or irritated.

- For sensitive skin
- For sore or irritated skin
- Use after surgery
- Use after radiotherapy

Provox OptiDerm	Quantity	Ref.no
Provox OptiDerm Round	20 pcs	7255
Provox OptiDerm Oval	20 pcs	7256
Provox OptiDerm Plus	20 pcs	7332

Non sterile, for single use.

Provox® LaryButton™

For maintaining the opening of the stoma.

Provox LaryButton	OD	L	Ref.no
Provox LaryButton 12/8	12	8	7671
Provox LaryButton 14/8	14	8	7672
